**OCCUPATIONAL & ENVIRONMENTAL HEALTH**

ENCHIA Council Participants -

In October we will start an important phase of the ENCHIA process by beginning to evaluate the policies and strategies suggested thus far to create healthier communities. In the September 21st meeting we reviewed the process and criteria we will use to effectively evaluate each strategy. This process requires productive dialogue and consensus building.

We would like to encourage you to come to a training by David Booher, from the Center for Collaborative Policy, to review the evaluation process, develop decision-making ground rules for effective deliberation of the strategies, provide input and practice consensus building. The full agenda is attached.

What: **Workshop on Criteria & Strategy Evaluation**

When: **October 12, 2005, 10:00AM - 11:30PM**

Where: **1500 Mission Street, Goodwill Building**

**Please RSVP by replying to this email.**
